

CHILD PROTECTION POLICY

FUENTEPARK is committed to the promotion of children's rights including their right to be protected from harmful influences, abuse and exploitation.

FUENTEPARK takes active steps to ensure the full exercise of children's right to protection.

This Child Protection Policy is the statement of intent that proves our commitment to safeguarding children from harm and clearly determines what is required in relation to child protection, both for all members of the organisation and those who come into contact with us, reinforcing that the company does not tolerate any form of child abuse.

We seriously assume our responsibility by defining the following principles:

Promote practices that are safe for children and protect them from harm, abuse, abandonment and exploitation of any kind.

Create 'child-safe' environments, both internally and externally, where children are respected, protected, empowered and active in their own protection.

Raise staff awareness so that they are skilled, trustworthy, competent and fully supported to fulfil their child protection responsibilities.

Define protocols for taking strict measures against *FUENTEPARK* staff and/or collaborators who abuse a child.

The *FUENTEPARK* Management will notified to the police and the relevant authorities, in the event of any indication, suspicion or evidence of abuse.

The Child Protection Policy applies to everyone working or associated with the hotel and includes without limitation:

1. Staff at all levels
2. Hotel Guests
3. Partners
